FIRE PROTECTION MANAGEMENT

www.redmen.com.au

YOUR COMPLIANCE ALLIANCE!

Want more than just another fire protection maintenance company? Want a company to manage and take ownership of all your fire protection compliance needs? Want a fire protection company to act in your best interests and find cost effective solutions to compliance issues?

REDMEN Fire Protection will take over the management of the service, maintenance, repairs and compliance of all your fire protection systems and equipment.

REDMEN Fire Protection Management take on the vital role of ensuring your building and its occupants are protected by operational and compliant fire systems and equipment. We provide greater safety and less risk. We focus on compliance with Australian Standards and The Building Code of Australia in the most cost effective way to your business.

REDMEN – not just another fire protection maintenance company, YOUR COMPLIANCE ALLIANCE partners!

WE OFFER A COMPREHENSIVE RANGE OF FIRE PROTECTION RELATED PRODUCTS AND SERVICES
